

# Peavies

**Dixie Industries** manufactures two styles of Peavies for the professional logger: the Tubular Steel Socket Style and the Rafting/Bangor Style.

Handles are top quality straight grain White Mountain Hickory hardwood, kiln dried to 18% moisture content, then precision cut to an exact fit.

Duckbill Hooks are drop forged with the bills ground to a fine point.

The Dixie Bangor style peavy—our lightest tool—features a drop forged pick, precision welded into a drawn carbon steel socket. This one piece unit makes field repairs easier.
